Employers Facts & Stats update

October 2014

Hello, and welcome to our October Employers Facts & Stats update 2014.

I'm Carole Thomson and I founded HR Support for Business to give small and medium businesses access to a trusted and straightforward HR advice and support service when they need it. With so many changes in the world of Employment Law, it is a full time job just keeping up to date. Therefore to help, I provide this one stop overview of the basic employment facts and statistics you need to know.

National Minimum Wage

The National Minimum Wage (NMW) rate is dependent on age and whether your employee is an apprentice. To qualify for the NMW a person must be school leaving age.

In brief, whether a person is considered school leaving age will be dependent on exactly when in the year they were born. It is always best to check.

The NMW is usually updated every October. The rates below are as from 1st October 2014. If you would like us to advise you of changes as they happen then please just register here [HR Newsroom](#) | [HR Support for Business](#) and we will send you the amendments.

	21 & over	18-20	16-17	Apprentice*
Current rate	£6.50	£5.13	£3.79	£2.73

**Important note: the apprentice rate is for those who are 16-18, and those who are 19 or over, but who are in their first year. Otherwise the apprentice would be entitled to the NMW for their age.*

The Government considers there is still widespread abuse by some employers. This is despite widespread knowledge of the NMW obligations on all employers (regardless of their size).

In response, any person found guilty of not paying the NMW is served a notice. The notice will state the arrears of NMW to be paid and, a financial penalty to be paid to the Secretary of State. This must be paid within 28 days.

The financial penalty is 100% of the total NMW underpayment and subject to a minimum £100 and a

maximum £20,000 penalty. Penalties will be reduced by 50% if complied with within 14 days.

However, within the recent Small Business, Enterprise and Employment Bill (25th June 2014), the maximum penalty of £20,000 will now apply on a 'per worker' basis rather than per employer basis.

This could quite simply put a small business out of business. A very high risk strategy for any business to take.

Statutory payments rise

- Statutory Sick pay is £87.55 per week.

Statutory Notice periods

Employers: Statutory minimum notice will override any contractual notice within an Employee's Terms and Conditions of Employment if greater. In other words, whatever the contract may state, below is the minimum notice you must give to an Employee. The Statutory minimum notice is set out in the Employment Rights Act 1996 s 86(1) and currently is:

Continuous employment (in full years)	Min Statutory notice
Less than 2 years but at least one month	1 week
At least 2 but less than 3 years	2 weeks
At least 3 but less than 4 years	3 weeks
At least 4 but less than 5 years	4 weeks
At least 5 but less than 6 years	5 weeks
At least 6 but less than 7 years	6 weeks
At least 7 but less than 8 years	7 weeks
At least 8 but less than 9 years	8 weeks
At least 9 but less than 10 years	9 weeks
At least 10 but less than 11 years	10 weeks
At least 11 but less than 12 years	11 weeks
12 or more weeks	12 weeks

Employees: The statutory minimum notice to be given by an employee to an employer is set out in the Employment Rights Act 1996 s 86(2) and is:

Continuous employment	Min Statutory notice
At least one month	1 week

As you can see, the statutory notice to be given by Employees to Employers does not increase with length of service.

Calculating redundancy pay

One week's pay	Each year of employment in which an employee is aged 22 to 40
Half a week's pay	Each full year of employment in which an employee is aged 21 & under
Maximum weekly pay	£464 (see above)
Maximum number of years	Last 20 full years worked
